

product

A lightweight, oil-free serum that treats skin discoloration and redness. A blend of botanical lighteners, vitamin C and grape seed extract gently reduces inflammation promoting a clear, fresh-looking complexion. Perfectly calms skin following skin treatments, laser and waxing. Ideal for all skin types. Vectorize-Technology™ delivers a complex of encapsulated ingredients, time released up to 48 hours for a long lasting, intense effect. Paraben free. 100% hydroquinone free.

skin type

Redness, sun-damaged, irritated, post-peel, sensitive skin.

benefits

A blend of botanical lighteners, Vitamin C and grape seed extract gently reduces inflammation promoting a clear, fresh-looking complexion. Perfectly calms skin following skin treatment, laser and waxing.

directions

Apply to cleansed skin morning and evening.

pro tip

Can be blended with I Conceal for additional soothing and calming benefits of redness prone skin.

key ingredients
