

the MAX™

stem cell eye crème

product

This next generation revolutionary day and night eye crème contains high concentrations of growth-factors derived from plant derived stem cell technology to protect skin cells and prevent aging effects caused by free radical damage. Reduces the appearance of fine lines, wrinkles and puffiness. Prevents cell aging with grape, alpine edelweiss and argan stem cells. Contains a corrective peptide blend for rejuvenation. Paraben free.

skin type

Aging skin, fine lines, wrinkles, dry, sensitive skin.

benefits

Stem Cell Complex prevents cell aging while protecting skins own stem cells. Reduces the appearance of fine lines and wrinkles. Eliminates puffiness and dark circles around the eye area while reducing inflammation.

directions

Apply a pea size amount morning and evening to upper and lower eye lids. Reapply if additional hydration is needed.

pro tip

Alternate with Iluma intense brightening eye crème for the ultimate in anti-aging and reduction of dark circles.

key ingredients

	CORRECTION	PREVENTION	NUTRITION
	Acetyl hexapeptide-8 (Argireline®)		
	Palmitoyl tripeptide-38 (Matrixyl® synthe'6™)
